"Just to see wht these doks will do I dropped into the kennels the other day. I took a strange policeman with me. One of the policemer who have been with the dogs for months then donned citizen's clothes. The two of them went over a hill. Suddenly a police whistle sounded. Off like a shot was Jim. He tore like mad through the brush until he sighted the blue uniform. One look at the man wrestling with the uniformed man was enough. The dog was under him in a minute and had him on the ground. It was great.

"Then we tried hidling behind trees, concealing ourselves in the deep grass and in other ways trying to elude the officer in uniform. The dogs obeyed his every gesture, and finally we were forced to admit that Lieut. Wakefield had the animals ready for duty.

"If the experiment is successful great numbers of the dogs will be brought to New York and sent to the outlying districts.

### WOMEN SAVE OLD SOLDIER FROZEN NEARLY TO DEATH.

Find Him in Lonely Woods and Carry Him to Place Where Train Could Be Taken.

ATLANTIC CITY, N. J., Jan. 15 .-Miss Bessie Murray and her sister, Mrs. John Drape, saved the life of William Mathis, an old soldier, who escaped from the county poor house at Smith's Landing.

The women were walking along s woods road when they saw the old man lying in the edge of the woods where he had fallen half frozen and exhausted. They believed he was dead, but pluckily made an examination and found that the man breathed.

Between them they carried the ex-hausted soldier back to the railroad, where an electric train took nim aboard. He was returned to the county house, where he is in a serious con-dition from exposure.

### ISLAND FLYER MISSING.

BELLINGHAM, Wash., Jan. 15 .- The gasoline passenger steamer Island Flyer left here yesterday for Anacortes, twenty-five miles up the Sound, with twelve passengers aboard. She has not been passengers aboard. She has not been heard from since, though ordinarily she makes the run in two and a half hours. As the Island Flyer's route is that followed by a dozen Sound steamers daily and none of them has seen her, it is feared she has gone down with all on board. Three vessels are now searching for the missing boat, which was in charge of Capt. Fred King, of Anacortes. It is reported that her machinery was deranged when she left port yesterday.

New French Line of Steamers. With the sailing of the steamer Callfornie from Dunkirk, France, last Saturday, the French line has inaugurated a new subsidiary service from France to the United States. The line starts from Dunkirk, thence to Bordeaux and New York. The service will be bi-monthly. The steamers, all new, carry freight and a limited number of sec-ond and third class passengers. They will dock at Forty-third street, North

The English and American residents

of the city have united for an entertainment, and to-morrow they will give a smoking concert in Fluminense Park in honor of the visiting officers.

It is reported here this morning that the Argentine Minister of Foreign Affairs has sent a telegram to Secretary Root at Washington, inviting a detachment of the fleet to visit Buenos Ayres on its way south. Local interest in the progress of the fleet around South America evidently is increasing, for another report current here to-day says that the new Peruvian cruisers, Almirante Grau and Bolognesi, will accompany the American fleet from Peruvian waters to San Francisco.

The Board of Health has gone into the dog-licensing business on Staten Island. So many protests have been made during the past summer and fall against the board's dog-catchers picking up valuable animals that it has been decided best to issue licenses.

County Judge Stephens two years ago rendered a decision that the S. P. C. A. had no right to collect fees for licenses and the organization left Staten Island to the tender mercles of its

Truthfulness Breeds Confidence

Our Entire Stock of Women's Coats Heavily

On February first we take inventory. In every department there is some merchandise which must be disposed of before stock-taking so as to make room for the new Spring goods which are coming in

So from this day until the first of February prices throughout all our stocks will be cut ruthlessly-clearance is our one aim.

The superior quality of merchandise and the extremely low prices asked for it-those are two features of this new store which every person who has purchased goods here can verify.

As to our advertising. Nothing is ever exaggerated. Every value stated is true and can be depended upon. When we say that a garment or an article is reduced it means that its original low price has been cut down still further-exactly that. It means an unusual opportunity.

The following Sale of Women's Coats is an example:

We have gone through our entire stock of Women's Coats and cut into the original low prices in the most drastic fashion. Every single garment in our stock comes under the clearance movement-imported and domestic models, both. In style and workmanship this collection of Coats is unsurpassed.

## Did Anty Drudge Wash the World?

"Oh, Anty Drudge! the world was brown, When I climbed up to bed last night. Did you wash it with Fels-Naptha? For now it's clean, and pure, and white."

New uses for Fels-Naptha are being discovered every day.

One woman writes us that she finds it the best thing to clean metal beds. It makes white enamel glisten and polishes brass till it shines like a mirror. And vermin keep away from a bedstead that's washed regularly with Fels-Naptha.

There are a thousand and one uses for Fels-Naptha besides washing clothes, etc. It will clean anything cleanable, from pans and pots to floors and windows. Do it perfectly in cool or lukewarm water.

Cuts the grease on dishes and cooking utensils, brightens painted woodwork, whitens floors and freshens up the colors of oil-cloth or linoleum.

Directions for all kinds of easy cleaning with Fels-Naptha are to be found on the red and green wrapper. Follow them carefully.
